Program Description: Students interested in focusing their studies on Foreign Languages should work as early as possible with the Foreign Language faculty. Careful academic planning, ideally with time spent in a country where the language is spoken, will help for the student to achieve appropriate proficiency in their chosen language.

The Academic Plan shown on the previous page will allow the student to complete a certificate in Global Studies.

Admission Requirements: Must meet first-semester course prerequisites.

Department Faculty Advisors: Nicole Bach

Division Chair: Dr. Michael Booker
